

The graph shows the number of nodes in the network over 20 rounds. The x-axis is labeled 'round' and ranges from 0.0 to 20.0. The y-axis is labeled 'nodes' and ranges from 0 to 100. A blue line with a light blue shaded area represents the data. The number of nodes remains low (around 10) until round 10, then increases sharply to about 90 by round 20.
